

28 April 1969

MEMORANDUM FOR: Director of Training

25X1A9a

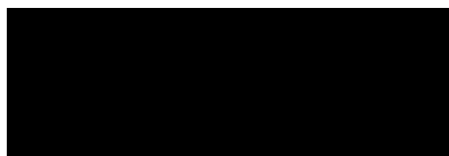

FROM : 
SUBJECT : Report on Vietnam Area Course #5-69

1. Twenty-seven persons completed Vietnam Area Course #5-69. It was held at Headquarters, in Room 1-A-13, from 21 to 24 January 1969. The course ran only four, instead of five, days, because of the holiday on Inauguration Day.

2. Unfortunately two of our feature speakers were not able to make their presentations: Mr. Dolf Droge from the White House and our own . Losing both them and a day made this a less than satisfactory course, at least from my point of view.

While in this doleful vein, another comment is in order: we are losing from our roster of lecturers our only available authority on the full range of Vietnamese history, Dr. Chester Bain, of the Foreign Service Institute, and author of the book used as required reading in the course. He is returning to Vietnam for another tour.
